Director's Report - 9/19/2024

Job Opening: Circulation Specialists

We had two Circulation Specialists resign for full-time positions elsewhere since July, and had two people accept jobs this week. Grace, who previously worked for us a Page, started training in Circulation this week. Elizabeth, who currently works at Auburn Hills Public Library, will start next Monday. We posted this week to replace Grace's page position.

Unique Management Service Discontinued

In the years following the 2008/09 Financial Crisis, Ferndale Library's tax revenues and operating budget was reduced significantly. In addition to layoffs and steep budget cuts, the library started working with a company called Unique Management. When a library item is so overdue it goes to "Lost", Unique sends a collection letter to the patron. The library pays a \$12 fee for each patron Unique contacts, and we pass that fee onto the patron. Nothing in the process can affect a patron's credit score, but the letters Unique sends look similar to a traditional collection letter which often spurs a visceral reaction for many of patrons, particularly those who have struggled with debt in the past. Our collection letters are without a doubt the source of our staff's most contentious patron interactions, and just last month have been described by patrons as "terrifying" and "not very neighborly".

Since the library went fine free in 2019, we've noticed that the \$12 fee is often very confusing to patrons who assume they wouldn't be charged fines. Our staff tries their best to communicate this to patrons, but it's not always effective. I'm also concerned that the \$12 fee discourages our patrons from coming back into the library. Unique claims that that we receive a 6 to 1 return on investment, but I also believe many of our items would come back whether or not Unique contacts them. Our new Head of Circulation is looking into a process for us to internally reach out to patrons when an item goes "lost".

Considering we are no longer in a position where we are financial unable to replace lost or missing items and with the consent of the Finance Committee, I have paused services with Unique Management for one year. We will review the data and budget at that time and determine whether or not to continue with Unique.

Sharps Containers

We have temporarily placed small sharps containers in all of our public restrooms. Later this week, we are meeting with a company that will install wall mounted containers and quarterly will dispose of any

medical waste. We've already received one negative Google review about the temporary sharp containers, but we believe this is important for the purposes of accessibility and staff/patron safety.

Finance Committee Report September 9, 2024 6pm Virtual Meeting

Attendance: Board members - Judeen Bartos, Kevin Yezbick; Director Jordan Wright

Finance Reports – Wright gave a brief overview of the August finance reports.

Capital Projects – Wright gave an update regarding the ongoing construction project and the future staff workroom configuration. Generally, costs are coming in lower than expected, but there have been delays.

Self Check Machines – Wright provided the finance committee with 3 quotes for new self-checkout machines. Yezbick suggested that we receive one more quote from MeeScan, which was provided later that week. Based on pricing and user feedback from local libraries, the Finance Committee recommends that the Board vote to approve the purchase of two new X25 self-checkout machines from Envisionware.

Building Maintenance – Wright provided the finance committee with a quote to re-caulk and powerwalk the exterior window trim. The Finance Committee recommends that the Board vote to approve the project.

Free Guest Passes – Wright proposed that the library no longer charge for computer access for patrons who do not have a library card. The lost revenue should be less than \$2000 per annum. The Finance Committee recommends voting to modify the Internet and Computer Use Policy to reflect this change.

Discontinuing Unique Management Services – Wright proposed that the library discontinue working with Unique Management Collection Agency. The Finance Committee concurred and determined that this did not require a vote.

Announcements/Comments - None.

Construction Update 9/19/2024

Construction is moving along, though we are now officially behind schedule being in week 8 of a 6-week timeline. The walls are drywalled and painted, and this week we are scheduled to have cabinet and tile installers in the bathrooms. Once we get the shelving replaced in the new Friend's bookstore, Ed, June, and Melanie are ready to get to work remaking their new space. Ed has reached out to Ideation Orange to discuss new signage ideas for the Friend's store. The POD and dumpster where both removed from the premises to make way for the Ferndale DIY Festival. Everything we had stored in the POD is now in the library – we have mostly been able to contain it to staff and storage areas.

Ferndale Area District Library Board of Directors Request for Action

From: Jordan Wright, Library Director

Subject: Computer and Internet Policy Updates

Summary and Background:

After surveying our neighboring libraries, I've learned that we are the only library in the area the charges non-residents to use our public PCs. FADL currently charges \$1 for a guest pass that is good for three hours. Eliminating this fee will result in a loss of about \$2000 in revenue per year, or about 6 dollars a day. If we eliminate this fee, we will watch carefully to make sure FADL cardholders consistently are able to access a public computer without wait, and will make adjustments as needed.

In July, the library increased its printing prices. The Internet and Computer Policy needs to be updated to reflect that change.

Recommended Action:

A MOTION by

,Seconded by

, to eliminate the fee for public

computer guest passes.

A MOTION by

,Seconded by

, to increase the price of black & white

prints to fifteen cents (\$0.15) and color prints to fifty cents (\$0.50).

COMPUTER AND INTERNET USE POLICY

I. General Statements Regarding Internet.

- A. <u>Internet Access</u>. The Ferndale Area District Library ("Library") provides access to a broad range of information resources, including those available through the Internet. Access to the Internet enables the Library to expand its information services significantly. This Policy applies to both the Library owned computers and wireless access available at the Library.
- B. <u>Validity of Information</u>. The Internet offers access to a wealth of information and Internet sites including useful ideas, information, and opinions from around the world. However, not all sources on the Internet provide information that is accurate, complete, or legal. Internet Users will need to evaluate for themselves the validity of the information found.
- C. <u>Library Does Not Endorse Information on Internet</u>. The Library provides a home site on its public computers pointing to a variety of quality Internet sites. However, because the Internet is a vast and unregulated information network, it also enables access to information, ideas and commentary beyond the confines of the Library's mission, selection criteria and material selection policies. The provision of access does not mean or imply that the Library endorses or sanctions the content or point of view of any of the information or commentary that may be found on the Internet.
- D. <u>View Internet at Own Risk</u>. The Internet may contain information that is controversial, sexually explicit, or offensive. Users are cautioned that ideas, points of view and images can be found on the Internet that are controversial, divergent and/or inflammatory. Because of this and the fact that access points on the Internet can and do change often, rapidly and unpredictably, the Library cannot protect individuals from information and images which they might find offensive, disturbing or inaccurate. Library patrons use the Internet at their own risk. Parents or guardians of minor children are responsible for their child's use of the Internet through the Library's connection as stated more fully below.
- E. <u>No Liability</u>. The Library assumes no responsibility for any damages, direct or indirect, arising from its connections to the Internet. Users shall use Library computer hardware and software at their own risk. The Library is not responsible for equipment malfunction, loss of data, any damages to the User's disks, data or electronic transactions of any type. The Library is not responsible for the loss of any portable media or accessories.

II. Nature of the Public Library Setting.

- A. <u>Respect Others</u>. Because Library patrons of all ages, backgrounds and sensibilities are using the computers, Library Internet Users are asked to be sensitive to other's values and beliefs when accessing potentially controversial information and images
- B. <u>Use with Caution of Risks</u>. Users are cautioned that, because security in an electronic environment such as the Internet cannot be guaranteed, all transactions, files, accounts, and communications are vulnerable to unauthorized access and use. Users should be cautious about using the public computers or public Internet Access for sensitive, private or valuable information or transactions because safety from unauthorized access and use cannot be guaranteed. The Library is not responsible for any damages or loss that results from unauthorized access or use of User's files, accounts, communications or similar documents.

III. Internet Filtering; Children Under 18

A. <u>Internet Filtering – General</u>.

- 1. Filtered Access. To comply with the requirements of the Children's Internet Protection Act ("CIPA") and Michigan's Public Act 212 of 2000 ("PA 212"), all computer terminals are filtered. Further, the Library's wireless access is also filtered. Filtered access means the computer or wireless system has a program installed that is designed to restrict minors¹ from receiving obscene materials or sexually explicit materials that is harmful to minors as defined by PA 212 and visual depictions that are obscene, child pornography or harmful to minors as defined by CIPA. This filtering method is designed to prevent access by minors to inappropriate matter on the Internet. Children under the age of 18 shall only use the Library computers designated and posted for use by minors.
- 2. Safety of Minors Regarding E-Mail. The Library does not filter e-mail or other direct electronic communications. It is the responsibility of the parent or guardian to educate the minor on safety and security and monitor the use of these communications.
- 3. *Internet Access*. Patrons wishing to access the Library's terminals may log in with a valid library card or purchase a guest pass guest pass requested from either the Circulation or Reference desk. There are also Express Computers available for sessions up to 15 minutes. The patron must read and accept the Library's Internet Use Policy on screen before accessing the internet.

B. <u>Internet Filtering – Patrons 18 Years of Age or Older.</u>

1. *Disable Filters*. Patrons 18 years of age or older may request to have the filters disabled for bona fide research or other lawful purposes. The Library's wireless access cannot be disabled, so any patron who desires to have the filters disabled must use the Library's computers.

¹ Under Michigan Law, "adults" are 18 years of age or older. CIPA defines an adult as 17 years of age or older. As required by CIPA, 17 year olds may have the filter disabled, but only as specifically described in Section C.3 below.

2. Unblock Sites. Individuals 18 years of age or older who believe an Internet site has been improperly blocked can request that the site be "unblocked." A request to unblock should be in writing to the Library Director and signed by the person making the request. A decision on the site's status will be made by the Director, who will prepare a written reply to the individual submitting the form.

C. Internet Filtering – Patrons Under 18 years of Age.

- 1. <u>Responsibility of Parents and Legal Guardians</u>. As with other materials in the Library's collection, it is the Library's Policy that parents or legal guardians are responsible for deciding which library resources are appropriate for their children. The Library urges parents and guardians to discuss Internet use with their children and to monitor their use of this educational tool.
- 2. <u>Unfiltering Terminals</u>. Minors who are 17 years old may only have the filters (filters used to filter visual depictions of obscenity, child pornography and materials that is deemed harmful to minors as prohibited by CIPA) disabled on a computer used by that patron for (1) bona fide research or other lawful purposes and (2) only if a parent or legal guardian has accompanied them to the Library and is sitting at the computer station or terminal at all times. Patrons under the age of 17 may not ask for the terminal to be unfiltered pursuant to the requirements of CIPA.
- 3. <u>Unblocking Websites</u>. Patrons under the age of 18 may request in writing that a particular site be unblocked, but only if the site does not include obscene or sexually explicit materials deemed harmful to minors or other materials prohibited by law. The Library Director shall make that determination.

IV. Procedure for Use.

A. Reservation/Time Limits.

- 1. Users may log on to the public internet computers using a valid library card in good standing from FADL or from libraries which are members of The Library Network (TLN).
- 2. Guest passes are available for purchase for anyone without a valid library card, which will give up to 3 hours of computer time. Patrons age 17 and under may receive one free pass per day from the Youth Services desk. One free guest pass per day is available for anyone without a valid library card.
- 3. Express Computers are available which will provide one free 15- minute session to any user.
- B. <u>Availability</u>. The public computers are only available for use by Users if they are not being used for Library purposes, such as classes, staff training or special programs. The Library reserves the right to have first priority of use for Library uses, sponsored events or co-sponsored events. Library patrons should be aware that there are some computers that are limited to only the online

public access catalog and are clearly marked. The online public access catalog computers are available on a first come, first served basis.

- C. <u>Closing</u>. All computers and printers are shut down ten (15 minutes before the Library closes.
- D. Reimbursement for Printing. The User shall reimburse the Library ten cents (\$.10) fifteen cents (\$.015) a page for black and white printing and twenty-five (\$0.25) cents fifty cents (\$0.50) a page for color printing. The User shall be responsible for all printing costs, so Users are encouraged to use "print preview" so that they are aware of the number of copies.
- E. <u>Staff Assistance</u>. Library staff provides limited assistance for basic start-up procedures. Several circulating books on Web searching are available.

V. Acceptable Use.

All Users of the Library's Internet connection and terminals are expected to use this resource in a responsible and courteous manner, and to follow all rules and procedures as established in this Policy.

- A. <u>Lawful Use</u>. The Library Internet connection and terminals shall be used in a lawful manner. The Library's Internet and terminals cannot be used for any fraudulent or unlawful purpose prohibited under any applicable federal, state or local law, including, but not limited to, (1) accessing materials that can be classified as obscene or child pornography; (2) gaining unauthorized access to or use of patron information or accounts; (3) engaging in identity theft; (4) engaging in civil rights violations; or (5) monitoring or capturing information regarding individuals and their use of the computers or Internet illegally, such as by using a keylogger.
- B. <u>Intellectual Property</u>. Users must respect intellectual property rights and obey the copyright laws of the United States and all other intellectual property rights. Responsibility for any consequences of copyright infringement or violations of other laws or agreements lies with the User. The Library expressly disclaims any liability or responsibility resulting from such use.
- C. <u>Use Must Not be Harmful to Minors</u>. Michigan law prohibits Users from allowing minors access to sexually explicit materials harmful to minors. Internet Users shall also not permit any minor to view sexually explicit materials or any other materials deemed harmful to minors.
- D. <u>Compliance with Code of Behavior</u>. The same rules apply to the use of the Internet as with the use of any other Library materials. The Library has adopted a Patron Behavior Policy. All Internet Users must comply with the Library's Patron Behavior Policy, which shall be posted in the Library.
- E. <u>Privacy</u>; <u>Unauthorized Access</u>. Users must respect the privacy of others by not misrepresenting oneself as another User; by not attempting to modify or gain access to files, passwords or data belonging to others; and by not hacking or seeking disallowed access to any computer system via the Internet.

- F. <u>Time Limit</u>. Failure to leave a computer terminal upon the expiration of the allotted time is a violation of this Policy.
- G. <u>Reimbursement</u>. The User shall reimburse the Library ten cents (\$.10) fifteen cents (\$0.15) a page for black and white printing and twenty-five cents (\$.025) fifty cents (\$0.50) a page for color printing.
- H. <u>Personal Software Prohibited</u>. Users shall refrain from use of personal software, the attachment of unauthorized equipment to the Library's computers or networks or the modification of any operating system or network configuration. Users shall also refrain from downloading/uploading files to/from the Library's computers.
- I. <u>System Modifications</u>; <u>Hardware Modifications</u>. Users are not permitted to change the security setup, operating systems, the network configuration or any other configuration of any Library computer terminal without authorization. Users are also not permitted to add any hardware or devices to the computer terminal.
- J. <u>Damage</u>. The User shall be responsible for repayment of any costs to the Library for damage to the computer terminals or system.
- K. <u>Terminal Use</u>. No more than two (2) Users may sit at a terminal. No person may stand behind another person while using a terminal. Upon request, a Library staff member may approve or allow additional Users at a terminal.
- L. <u>Personal Information; Unauthorized Release</u>. No patron, including minors, may engage in the unauthorized disclosure, use and dissemination of personal information of any person, including minors.
- M. <u>Saving Files and Documents</u>. Patrons who wish to have a permanent record of their work need to save files and documents on their own portable media. Library computers do not allow Users to permanently save documents or personal files to the hard drive.

VI. Violations of Internet Use Policy.

The Library Director or his/her designee may restrict access to Library facilities by (1) terminating or limiting computer, Internet Access or Library facilities; (2) immediately dismissing the patron from the premises; (3) suspending the patron's access to Library facilities for a set period of time; or (4) by denying access to specific services and/or programs pursuant to this Policy. If necessary, the local police may be called to intervene.

A. <u>Incident Reports</u>. Library Staff shall record in writing in the form of an Incident Report any violation of this Policy that resulted in a verbal warning or a suspension of Library privileges. By the end of the day on which the incident occurred, an Incident Report shall be written and forwarded to the Library Director for logging and review. The report should include a detailed

description of the incident and physical descriptions in addition to the name of the patron. A copy of the suspension of privileges letter should be attached, if applicable.

- B. <u>Violation of the Policy Suspension of Privileges</u>. Unless otherwise provided in this Policy (see Section C below), the Library shall handle violations as follows:
- 1. *Initial Violation*. Library patrons observed violating this Policy will be asked to cease the violation with a verbal request. If the patron does not comply with the request, they will be asked to leave the building for the day. If they refuse, police may be called.
- 2. Subsequent Violations. The Library Director or the Director's authorized designee may further limit or revoke the patron's Library privileges if infractions continue. Such limitation or revocation shall be in writing specifying the nature of the violation. Subsequent violations of the same rule shall result in additional suspensions of increasing length.
- C. <u>Violations That Affect Safety and Security</u>. Violations involving violations of law (including child pornography and allowing minors to view sexually explicit or other materials deemed harmful to minors), violence, threatening behaviors, sexual or other harassment, vandalism, theft or attempted theft, sexual misconduct or any behavior that threatens the safety and security of staff and/or patrons shall be handled as follows:
- 1. *Initial Violation*. The police will be called immediately. If the conduct constitutes a violation of local, state or federal law, arrest or criminal prosecution may ensue. Violations of this nature will result in an immediate minimum two-week suspension of Library privileges. The Incident Report shall specify the nature of the violation.
- 2. Subsequent Violations. The police will be called immediately. If the conduct constitutes a violation of local, state, or federal law, arrest or criminal prosecution may ensue. The Library Director or the Director's authorized designee may further limit or revoke the patron's Library privileges in escalating responses, which will be documented in writing. Subsequent violations of the same rule will result in additional suspensions of increasing length.
- D. <u>Reinstatement</u>. The patron whose privileges have been limited or revoked shall attend a meeting with the Library Director or the Director's designee to review the Library Patron Behavior Policy before their privileges may be reinstated. The Library Director or the Director's designee may attach conditions to such reinstatement and shall provide written notification of those conditions and the duration of the conditions.
- E. <u>Civil or Criminal Prosecution</u>. Illegal acts involving the Library's Internet Access service may be subject to civil or criminal prosecution.

VII. Right of Appeal.

Patrons may appeal a decision to (1) limit or revoke privileges or (2) attach conditions to reinstatement by sending a written appeal to the Library Board within ten (10) working days of the date the privileges were revoked or limited or the written statement of conditions was provided,

whichever is applicable. The appeal should be sent to the President of the Library Board. The decision of the Library Board is final.

VIII. Staff Assistance.

Staff may assist Library Users in getting started on the Internet. However, the Library cannot guarantee that Internet-trained staff will be available to assist Users at all times the Library is open. Because of the many different applications available on the Internet, staff may not be able to provide specialized or technical knowledge about a particular application. Users who need training on Library software or digital collections should request an appointment.

From: Jordan Wright, Library Director

Subject: Window Caulking and Window Trim Cleaning

Summary and Background:

The aluminum trim around the Library's exterior windows needs to re-caulked, and in a few place places, re-fitted. The metal trim has some mineral buildup which negates our semi-regular window cleanings, and we have a small leak in our staff breakroom.

DesignStruct from Hazel Park, which has completed a number or medium and small-scale projects for the library, has provided a quote to re-caulk, re-fit (when applicable), and to power wash the window trim.

Recommended Action:

Moved by ,Seconded by , to approve exterior window trim cleaning and caulking services by DesignStruct in the amount of \$5950.00.

Subject: Selecting and purchasing new self-checkout machines.

Summary and Background:

The Library currently owns and operates two self-check out machines by Envisionware. They are older models, and require almost constant maintenance and are often out of order.

After reviewing bids from Envisionware and their three largest competitors, the Finance Committee recommends purchasing 2 newer machines (Model X25) from Envisionware.

Recommended Action:

Moved by ,Seconded by , to authorize the purchase of 2 new X25 self-checkout machines from Envisionware in an amount not to exceed \$10,000.
