INDEPENDENT AUDITOR'S REPORT

To the Library Board Ferndale Area District Library Ferndale, Michigan

Opinions

We have audited the accompanying financial statements of the governmental activities and each major fund of the Ferndale Area District Library (the "Library"), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the Library's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Library, as of June 30, 2024, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Library and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Library's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing

standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Library's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Library's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the budgetary comparison information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management's Discussion and Analysis

Ferndale Area District Library Management's Discussion and Analysis June 30, 2024

As management of the Ferndale Area District Library, we offer readers of the Ferndale Area District Library's (the "Library") financial statements this narrative overview and analysis of the financial activities of the Library for the year ended June 30, 2024. We encourage readers to consider the information presented here in conjunction with the financial statements as a whole.

Financial Highlights

- The assets of the Library exceeded its liabilities at the close of this fiscal year by \$3,530,991 (shown as *net position*). Of this amount \$830,898 (*unrestricted net position*) may be used to meet the Library's ongoing services and obligations.
- During the year, the Library received \$2,536,436 in revenues and incurred \$2,367,979 in expenses, resulting in an increase in net position of \$168,457.
- The general fund increased its fund balance by \$88,072 during the year for an ending fund balance of \$466,028.
- At the end of the current fiscal year, unassigned fund balance for the general fund was \$458,856, or 17 percent of the general fund's total expenditures.

Overview of the Financial Statements

The Library's financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. The report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements. The government-wide financial statements are designed to provide a broad overview of the Library's financial position. They are presented using a method of accounting that is similar to a private sector business.

The statement of net position presents information on all of the Library's assets and liabilities, with the difference being reported as the net position. Over time, increases or decreases in net position can serve as a useful indicator of whether the financial position of the Library is improving or deteriorating.

The statement of activities presents information showing how the Library's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g., earned but unused vacation leave).

Fund Financial Statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Each fund is operated similar to a completely separate entity, with its own set of balancing accounts. The Library uses fund accounting to ensure compliance with finance-related legal requirements.

Governmental Funds. The Library's basic services are reported in the governmental funds. Governmental funds account for essentially the same functions as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. This is known as the modified accrual system of accounting. Under this reporting system, capital items, debt payments, and certain other items are treated differently than on the government-wide statements. These items are recorded in the government fund balance as expenditures. No depreciation is recorded on capital items. The balance sheet for governmental funds does not include any capital items or long-term debt. The general fund and the capital improvement fund are the only governmental funds for the Library.

The Library adopts an annual appropriated budget for its general fund. A budgetary comparison schedule has been provided for the general fund to demonstrate compliance with its budget.

Notes to the Financial Statements. The notes to the financial statements provide additional information that is essential to a complete understanding of the information provided in both the government-wide and the fund financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report further presents required supplementary information (RSI) that demonstrates compliance with the Library's budget.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of overall financial position. In the case of the Library, assets exceeded liabilities by \$3,530,991 as of June 30, 2024.

Total Net Position	\$ 3,530,991	\$ 3,362,534

The largest portion of the Library's net position (\$2,700,093, or 76%) reflects its investment in capital assets (e.g., equipment, furniture, and library books), less any related outstanding debt that was used to acquire those assets. The Library uses these capital assets to provide a variety of services to its patrons. Accordingly, these assets are not available for future spending. Although the Library's investment in capital assets is reported net of related debt, it should be noted that the resources used to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The remaining balance of \$830,898 is unrestricted and may be used to meet the Library's ongoing obligations to its patrons and creditors.

Total assets decreased by \$150,860, from \$4,964,192 in 2023 to \$4,813,332 in 2024. This reduction is primarily due to a decrease in capital assets, which declined by \$105,226. This

reduction reflects annual depreciation expense of \$362,509 and net disposals of \$10,594, partially offset by capital asset additions of \$267,877. Current assets also declined by \$45,634, largely driven by a \$42,958 decrease in cash and investments, resulting from operational activities that yielded a \$51,928 decrease in fund balance.

Total liabilities decreased by \$319,317, from \$1,601,658 in 2023 to \$1,282,341 in 2024. The most notable change was in long-term debt, which decreased by \$349,812, consistent with the annual principal repayment schedule. Current liabilities showed modest changes, including a \$2,437 decrease in accounts payable and an \$8,731 increase in accrued payroll. These fluctuations are reasonable and reflective of normal operating cycles. Accrued interest decreased by \$1,725, following the reduction in long-term debt. Collectively, these reductions in liabilities indicate the Library's ongoing efforts to reduce outstanding debt while maintaining consistent operational obligations.

The following schedule shows the Library's revenues, expenses, and changes in net position for the two most recent years:

Significant changes in revenues

Total revenues increased by \$234,538, from \$2,301,998 in 2023 to \$2,536,436 in 2024. The largest contributor to this increase was property tax revenue, which rose by \$232,287 due to a 9.6% increase in taxable values within the Library's district. Charges for services also increased by \$6,098, primarily due to an uptick in Library services fees. Conversely, operating grants and contributions saw a slight decline of \$1,215, reflecting reduced grant funding. Penal fines also decreased modestly by \$2,934, likely due to lower fine collection during the year. Overall, the increase in property tax revenues was the most significant driver of total revenue growth.

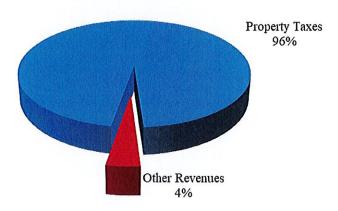

Significant changes in expenses

Total expenses rose by \$231,212, from \$2,136,767 in 2023 to \$2,367,979 in 2024. Library expenses increased by \$240,908, driven primarily by higher staffing costs, including \$159,548 in additional wages, payroll taxes, and benefits. Other contributors to the increase included higher costs for supplies and professional services, reflecting the Library's expanded operations and programming. The rise in expenses corresponds to the Library's efforts to enhance services and maintain operational capacity.

Governmental Activities

The following chart details the revenue sources for the governmental activities of the Library for the most recent fiscal year-end:

Governmental Activities Revenues

Salaries and payroll taxes were the largest expenses for the Library. The Library spent \$1,218,644 on salaries and payroll taxes, or 51 percent of the Library's total expenses. Another significant expense for the Library was depreciation expense of \$362,509, which represented another 15 percent of the total expenses within the Library during the year ended June 30, 2024.

Financial Analysis of the Government's Funds

The Library uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

General Fund

The general fund is the chief operating fund of the Library. At the end of the current fiscal year, unassigned fund balance of the general fund was \$458,856, while total fund balance increased to \$466,028. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total general fund expenditures. Unassigned

fund balance represents approximately 17.5% of total general fund expenditures, while total fund balance represents approximately 17.7% of that same amount.

The fund balance of the Library's general fund increased by \$88,072 during the current fiscal year. The most significant reason for the increase was a transfer in of \$140,000 from the capital projects fund, offset by a net deficit of \$91,544 between revenues and expenditures. The Board monitors the expenditures of the general fund closely to ensure that spending does not exceed the Library's available resources.

Capital Projects Fund

The capital projects fund, a major fund, decreased by \$140,000 during the current fiscal year for an ending fund balance of \$417,206. The reduction was entirely attributable to the \$140,000 transfer out to the general fund. This reflects the Library's strategic use of capital project resources to support operational needs while maintaining adequate reserves for future projects.

General Fund Budgetary Highlights

Original budget compared to final budget. Between the original and final amended budgets, total revenues and other financing sources increased by \$181,731, from \$2,490,685 to \$2,672,416. This increase was largely due to the inclusion of a \$140,000 transfer in from the capital projects fund, which was not part of the original budget. Additionally, projected property tax revenue was adjusted upward by \$26,799 based on revised assessments, and other revenues were increased by \$7,222 due to higher anticipated miscellaneous receipts. On the expenditures side, the budget for professional services increased by \$31,235, reflecting higher anticipated consulting costs, while building and equipment expenses were adjusted upward by \$93,140 to accommodate planned maintenance and upgrades.

Final budget compared to actual results. The final budget compared to actual results shows that the Library outperformed expectations, with total revenues and other financing sources exceeding the budget by \$43,499. This favorable variance was primarily driven by the inclusion of unanticipated lease issuance proceeds of \$39,616. Total expenditures came in \$3,204 under budget, with notable savings in fringe benefits (\$11,216) and utilities (\$1,796).

The Library had two expenditures over the amounts appropriated. First, an overage in building and equipment (\$39,616), which reflects the expenditure-side of the lease issuance allocation. And the second variance was \$519 related to telephone utility charges.

Capital Asset and Debt Administration

Capital Assets. The Library's investment in capital assets at year-end amounted to \$3,889,579 (net of accumulated depreciation). Capital assets of the Library include any items purchased that have an expected useful life of over one year and a cost of over \$3,000. The Library has invested in a broad range of capital assets. More information about the Library's capital assets can be found in the notes to the financial statements section of this document.

Long-term Debt. The Library had debt outstanding of \$1,189,486 as of June 30, 2024. More information on this long-term debt can be found in the notes to the financial statements section of this document.

Economic Factors and Next Year's Budgets and Rates

Management anticipates that the general fund will receive a comparable level of revenue in the upcoming budget year, primarily through property taxes. The Library remains committed to scrutinizing all budget line items to identify potential expenditure reductions where feasible. Continuous monitoring of the budget will be conducted throughout the year to determine if amendments are necessary.

In light of rising operational costs due to inflation, particularly in areas such as wages and benefits, the Library acknowledges the importance of property taxes as a vital revenue source. A modest increase in taxable property values is anticipated, which is expected to help offset these escalating costs. The Library will continue to engage with the community to ensure transparency and to advocate for the necessary support to maintain and enhance its services.

Additionally, the Library is exploring opportunities to secure grants and other funding sources to supplement its revenue. This proactive approach aims to ensure the Library can continue to provide high-quality services to the community.

Overall, the Library is committed to fiscal responsibility and will continue to adapt its financial strategies to meet the evolving needs of the community. Regular assessments and community engagement will be key components in ensuring the Library's financial health and service quality in the coming year.

NOTES TO FINANCIAL STATEMENTS

Notes to the Financial Statements

Note 1 - Summary of Significant Accounting Policies

The accounting policies of the Ferndale Area District Library (the "Library") conform to accounting principles generally accepted in the United States of America as applicable to governmental units. The following is a summary of the Library's significant accounting policies.

Reporting Entity

The Library was established in January 2015 as a district library pursuant to the District Library Establishment Act, 1989 PA 24, MCL 397.171. The original public library first opened in November 1930. The Library is governed by a seven-member Library Board. The Library is administered by a director appointed by the Board. The Library is primarily funded through a tax levy on property within the Library district, fines, fees, and state aid.

The financial statements of the Library have been prepared in accordance with accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and reporting principles. The Library's more significant accounting policies are described below.

Government-wide and Fund Financial Statements

The government-wide financial statements (e.g., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government.

The statement of activities demonstrates the degree to which the direct expense of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenue includes; 1) charges to Library patrons who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meet the operational or capital requirements of a particular function or segment. Taxes and other items are not included among program revenues and are reported instead as general revenue.

The statement of net position includes and recognizes all long-term assets and receivables as well as long-term debt and obligations. The Library's net position is reported in three parts: 1) net investment in capital assets, 2) restricted net position, and 3) unrestricted net position.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources* measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Notes to the Financial Statements

Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources* measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Library considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds.

Intergovernmental revenue, charges for services, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the Library.

The Library reports the following major governmental funds:

The *general fund* is the Library's primary operating fund. It accounts for all financial resources of the Library, except those required to be accounted for in another fund.

The *capital projects fund* accounts for the accumulation and disbursement of resources for the construction of capital projects.

Financial Statement Amounts

Cash and Cash Equivalents

The Library's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

State statutes and Library policy authorize the Library to invest in:

- Bonds, securities, other obligations and repurchase agreements of the United States, or an agency or instrumentality of the United States.
- Certificates of deposit, savings accounts, deposit accounts or depository receipts of a qualified financial institution.

Notes to the Financial Statements

- Commercial paper rated at the time of purchase within the two highest classifications established by not less than two standard rating services and that matures not more than 270 days after the date of purchase.
- Bankers' acceptances of United States banks.
- Obligations of the State of Michigan and its political subdivisions, that, at the time of purchase are rated as investment grade by at least one standard rating service.
- Mutual funds registered under the Investment Company Act of 1940 with the authority to purchase only investment vehicles that are legal for direct investment by a public corporation.
- External investment pools as authorized by Public Act 20 as amended through December 31, 1997.

Property Tax

The Library tax is levied on property in the Library's district on July 1 and becomes an enforceable lien on December 1. The Library's ad valorem tax is levied based on the taxable valuation of property as of the preceding December 31. Taxes are considered delinquent on March 1 of the following year. The Library levied 2.8500 mill and the taxable valuation within the district was \$877,530,380 on the 2023 tax roll (generating 2024's tax revenues).

Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures / expenses when consumed rather than when purchased.

Capital Assets

Capital assets are defined by the Library as assets with an initial cost of more than \$3,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost. Donated assets are reported at acquisition value at the date of donation. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

Notes to the Financial Statements

Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

	Years
Library Collection	2 - 10
Equipment and Furniture	3 - 10
Building and Improvements	20 - 50

Compensated Absences

The Library's employees are granted paid time off in varying amounts based upon length of service and position. Unused paid time off may accumulate, up to 240 hours, and be carried over to a subsequent year. Up to 240 hours of accrued paid time off is paid to employees at the time of termination or retirement. It is the Library's policy to recognize the cost of paid time off at the time payments are made. Paid time off accrued at year-end that is subject to payment has been included as a liability on the statement of net position. No accrual has been included on the fund balance sheet as the liability is not expected to be liquidated with current financial resources.

Long-term obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

Net Position Flow Assumption

Sometimes the Library will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Library's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

Notes to the Financial Statements

Fund Balance Flow Assumption

Sometimes the Library will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the Library's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

Fund Balance Policies

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. Governmental funds report nonspendable fund balance for amounts that cannot be spent because they are either; a) not in spendable form or b) legally or contractually required to be maintained intact. Restricted fund balance is reported when externally imposed constraints are placed on the use of resources by grantors, contributors, or laws or regulations of other governments. The government itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The *committed fund balance* classification includes amounts that can be used only for the specific purposes determined by a formal action of the government's highest level of decision-making authority. The Library Board of Directors is the highest level of decision-making authority for the government that can, by adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (the adoption of another resolution) to remove or revise the limitation.

Amounts in the assigned fund balance classification are intended to be used by the government for specific purposes but do not meet the criteria to be classified as committed. The Library Director can assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

Unassigned fund balance is the residual classification for the Library's general fund and includes all spendable amounts not contained in the other classifications and is therefore available to be spent as determined by the Library Board of Directors.

Notes to the Financial Statements

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 2 - Stewardship, Compliance, and Accountability

Budgetary Information

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds.

The appropriated budget is prepared by individual revenue and expenditure line item. The legal level of budgetary control is the individual line item. The Board of Directors made supplemental budgetary appropriations throughout the year. All annual appropriations lapse at the end of the fiscal year.

P.A. 621 of 1978, Section 18(1), as amended, provides that a local unit shall not incur expenditures in excess of the amount appropriated. The Library had the following expenditures in excess of the amount appropriated during the year ended June 30, 2024:

		Final				
	Budget		 Actual	Variance		
Telephone	\$	6,500	\$ 7,019	\$	(519)	
Building and Equipment		143,140	182,756		(39,616)	

Note 3 - Cash

The Library reported \$914,298 of cash and cash equivalents as of June 30, 2024, all of which was held in a checking account within one financial institution.

Custodial Credit Risk - Deposits. Custodial credit risk is the risk that, in the event of a bank failure, the Library's deposits might not be returned. State law does not require and the Library does not have a policy for deposit custodial credit risk. As of year-end, \$684,615 of the Library's bank balance of \$934,615 was exposed to custodial credit risk because it was uninsured and uncollateralized. Due to the dollar amounts of cash deposits and the limits of FDIC insurance, the Library believes it is impractical to insure all bank deposits. As a result, the Library evaluates each financial institution with which it deposits Library funds and assesses the level of risk of each institution; only those institutions with an acceptable estimated risk level are used as depositories.

Compensated absences of the Library will be liquidated by the general fund.

^{*} The 2020 lease obligation was canceled and replaced with a new lease (and equipment) during fiscal 2024. The 2020 leased equipment was returned.

Notes to the Financial Statements

2018 General Obligation Limited Tax Bonds

On November 28, 2018, the Library issued \$2,930,000 of 2018 General Obligation Limited Tax Bonds to finance Library leasehold improvements. The bonds are general obligation limited tax of the Library and bear interest rates of 3.00%. Interest is due semiannually. Principal payments range between \$260,000 and \$390,000 per annum. The bonds have a maturity date of May 1, 2027. The aggregate amounts of long-term debt principal and interest maturities (excluding deferred compensation, compensated absences, and bond premium) for the five years ending June 30, 2027 are as follows:

Year Ending								
June 30	Principal		I	Interest		Total		
2024	\$	345,000	\$	54,950	\$	399,950		
2025		360,000		44,600		404,600

Totals	\$	1,460,000	\$	144,950	\$	1,604,950		

2024 Lease Obligation

\$39,616 was recorded as an intangible right-to-use lease. The lease includes one Toshiba e-Studio 4515AC copier, one Toshiba e-Studio 4525AC copier, and two HP Color LaserJet M553dn printers. This asset will be amortized over the lease term of 63 months using an interest rate of 5.55%. There are no residual value guarantees in the lease provisions. The lease will end in June 2029. The following schedule shows principal and interest payments due until maturity:

June 30	P	Principal		Interest		Total		
2025	\$	6,748	\$	1,968	\$	8,716		
2026		7,132		1,584		8,716

Note 6 - Defined Contribution Pension Plan

The Library participates in a 401(a) money-purchase retirement savings plan with Vantage Point. The Ferndale District Library Retirement Plan provides full-time employees the opportunity to participate. Contributions are made by employees and the employer with matching rates determined by the Library Board of Directors on a yearly basis. The Board of Directors has the

Notes to the Financial Statements

ability to amend the retirement plan. For the year ended June 30, 2024, the total contributions to the plan were \$56,459, which is equal to the required employer contribution.

Note 7 - Interfund Transfer

During the fiscal year ended June 30, 2024, the capital project fund transferred \$140,000 to the general fund. This transfer was made to offset the cost of capital outlay expenditures that were paid from the general fund during the yar.

Note 8 - Risk Management and Commitments

The Library is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the Library carries commercial insurance. Liabilities in excess of insurance are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. There have been no losses in excess of insurance in the prior three years.

To the Library Board Ferndale Area District Library Ferndale, Michigan

We have audited the financial statements of the governmental activities and each major fund of the Ferndale Area District Library (the "Library") for the year ended June 30, 2024. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated October 10, 2024. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Library are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year. We noted no transactions entered into by the Library during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the Library's financial statements were:

- Management's estimate of the useful lives of depreciable capital assets is based on the length of time it is believed that those assets will provide some economic benefit in the future.
- Management's estimate of the current portion of compensated absences.

We evaluated the key factors and assumptions used to develop these estimates in determining that it is reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no such misstatements that required correction.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated December 23, 2024.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Library's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Library's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

We applied certain limited procedures to the management's discussion and analysis and budgetary comparison information, which are required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

Restriction on Use

This information is intended solely for the information and use of the Library Board and management of the Library and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

21. Adjourn

A MOTION by Yezbick and seconded by Fazzolara to adjourn at 8:44 pm; passed unanimously

Proposed minutes of this meeting will be available for public inspection at the Ferndale Area District Library, located at 222 East Nine Mile Road, Ferndale, eight (8) business days after the meeting. Approved minutes are available within five (5) business days after the meeting at which they are approved (in accordance with Open Meetings Act, Public Act 267.)

Serving on this Library Board for over a decade has been an honor. The citizens who have joined me on this Board and with this work, protecting and preserving our wonderful Ferndale Library, have all been wonderful, dedicated citizens, and it has been my greatest pleasure to work with all of them.

As a board we have attracted and hired some of the most talented library directors around and together we have been on a journey of constant improvement for both the physical space and services for our community.

Having been a member of this board for over a decade I have worked with our community and board members and brought us through some challenging financial times where we could barely keep the lights on. We had reduced hours, reduced staff, reduced offerings, reduced activities, and reduced wages. Many of our current staff and some of our current board members weren't here for those times. Strong, steady stewardship, is what our community could count on from this board. Strong, steady and fiscally responsible. As you can see from our most recent election, our community doesn't increase funding for services when they don't trust how you manage their tax dollars.

I have no regrets about the decisions I have made as a Library Board member. We supported the formation of the union. Our staff has a fair, reasonable, and responsible contract that WE as a board directed and guided the process with integrity and fairness. It was this board that negotiated in their favor, although they may not believe that to be true.

As a citizen in this community, I find it very disturbing that thousands of dollars have been brought into our local election campaigns from not only outside of our community but also outside of the State of Michigan. As a citizen in this community of over 20 years, I find it disheartening that we have city council members who endorse candidates who have been funded from outside of Michigan. I find it sad that our community voted for two candidates who asked for and accepted an endorsement from the Pleasant Ridge Mayor who fully knew that not only were these candidates not on the Pleasant Ridge ballot, but also that Pleasant Ridge was voting to continue to send their tax dollars to Huntington woods. I hope this isn't a trend that continues in our community and I hope our community gains awareness of how our candidates in our small town are being funded.

I am so grateful for the many years this current board has worked together, particularly Judeen! Madame President! Our rock. Our steady hand. Our cumulative memory. Our passionate leader. Judeen and I have served nearly the same amount of time and I have looked forward to every meeting with Judeen. Guiding our financial decisions along with Kevin and our Director. With Judeen and Kevin, we could collectively make fiscally responsible decisions with confidence.

I have lived in and visited communities around the world that do not have libraries. I have lived in places that have censorship and unprotected liberties, and we take them for granted. Our Ferndale library is just one among many that are essential to a thriving community. Kevin, Amanda, and Kelly, and Meghan, and Erin, thank you for your questions, your perspectives,

your energy. It has been the greatest honor of my life to serve on this board with all of you. I know that you will carry on with this important work with honesty, integrity, and dedication.

Farewell Remarks
Judeen Bartos - outgoing board president
December 12, 2024

Thank you for having the courage to act on behalf of Ferndale citizens and make tough decisions when needed. I've always felt that I could trust my fellow board members and applaud your character and integrity in working together. I have respected you bringing your expertise and opinions to the table every month. Please always travel in the truth. I am so grateful for the many years we have worked together, Kevin, Amanda, and Kelly, and Meghan and Erin, thank you for the fresh perspectives you've provided and your energy and enthusiasm. And Adriennel Our Madame VP for so many years. Our fighter! My colleague on the Personnel committee! Yes, we built that. Back in the day before there was any sort of salary scale and staff did not know whether they would get a raise, be laid off, or just maintain, it was you especially who was insistent that our staff needed more certainty, and compensation should be consistent, and even though it took a few years to get there, we did it.

Yes, we built this! I'm talking about all of us in this room and our predecessors on the board, and former and current directors and the Friends and staff. We shouldn't live in the past but we also should not ignore the many contributions you all have made to our community and this institution, and not pretend it never happened. The library did not start in 2022.

Truth matters. Honesty and integrity matter. And libraries are the keepers of the truth - at least that is what I have always thought. That's why it was so painful to hear the acrimony and animosity directed at our director and the board throughout the negotiation process. The lies and insults hurled our way. And to watch them get repeated over and over throughout the campaign of our opponents - as if you repeat them often enough they will be accepted as the truth. Now where have we seen that before?

While I wish things had gone differently, I would not change how I voted in December 2022. It is ironic that in pursuit of a union, certain folks chose to put up walls where there were none before. In pursuit of transparency and communication, certain folks chose to go straight to outside organizations and the media rather than have even one conversation with the board of the institution at which they are employed. And it is ironic that in order for certain folks to feel safe they have had to denigrate and insult the people already there, to make them collateral damage in a quest for their own perceived safety even though several of us have experienced similar or worse treatment.

I am going to close out my comments now. Please, remember who you work for. The citizens of Ferndale. Always your decisions need to be based on what is best for our community, not just one part of it. And realize you cannot make everyone happy. That difficult, unpopular decisions are a part of being a leader. Be wary of outside organizations pushing their agenda on our city. Question their false claims. Do not allow them to rewrite our history, your history in their quest for power.

I am going to miss this group terribly - the good memories and comradery of working with a group of honest and trustworthy people always comforts me. No one can truly doubt your efforts for our community. Yes, we built this! Yes, there is a union and the people at this table negotiated and signed the bargaining agreement that made it happen. Even in losing the re-election, it was so inspiring to me to see everyone rallying together and doing the best we could in the moment. When I count my blessings, I count you twice. Thank you!

Director's Report -- 1/16/2025

Construction Update

I have spoken with Tanner Lloyd at Daniels and Zermack and Richard Schenck, the project manager at The Alan Group, about the necessity of us beginning weekly accountability meetings as the lag time on completion is not reasonable. We will have our first such call scheduled Wednesday, 1/22.

The final punchlist has been updated to include feedback from the department heads. Lighting issues in the new public study room (a/k/a East Study Room) were resolved and the public has been making good use of the space. In fact, the City HR manager, Dan Jacey, has booked the East room for city manager interviews next week.

Building Updates (Non-Construction)

Seth from our HVAC vendor Guardian Environmental Services was out a week ago and identified two issues that have been keeping the building cold. Heat pump number five's blower motor had completely failed, resulting in the youth department being significantly colder than the rest of the building. A new blower will run about \$800 and is on order for us. In the meantime, Seth was able to redirect some heat from a different pump to youth, and it is now more comfortable. The North Study Room has consistently been extremely cold, Seth found a circuitry failure preventing the thermostat from communicating with the heat pumps, it will run about \$80 for parts and service to replace. Seth is returning on Tuesday, 1/21 assuming all parts arrive as scheduled.

Five firefighters were on-site for a "pre-incident survey" of our building on Friday, 1/10. They examined our new rooms and did a walkthrough of the building to ensure that their maps match the actual layout. They did not find any major concerns, although they did recommend keeping our upstairs storage doors closed. There is now signage reminding employees to keep these doors closed. Three of the firefighters obtained their library cards also.

National Time Fire was also here Friday, and they did comprehensive testing of our fire panel. Two new batteries were installed, smoke detectors across from the heat pumps were replaced, and electrical connections between the dialer module and radio were restored. This last issue is why the panel has been intermittently beeping at us for over two years. We have Guardian Alarm scheduled to come out to reconnect the fire panel to the alarm system generally now that all electrical systems are repaired.

We had our quarterly bedbug inspection on Tuesday. The canine inspector identified one chair as potentially of interest. Visual inspection didn't find any evidence of any bugs, but Erlich treated the chair and the carpet in the area. I removed the chair to the courtyard for the 24 hours to allow the insecticide to work, then vacuumed it and returned it to the floor. I confirmed with Erlich that we will want the same anti-ant perimeter treatment we have previously gotten this spring.

Staff Updates

Adult services librarian Kelly Hovinga accepted an offer to become the new Head of Reference and Adult Services. Her official first day will be Tuesday, January 28th. I have posted internally for a new librarian to replace her, and we will open the posting to external candidates on Tuesday 21st with the goal of having Kelly schedule interviews starting the week of February 3rd.

I have started the Library of Michigan's new director's training, "Pathway for New Directors in Michigan Public Libraries," through Niche Academy. The training takes just under 12 hours, I anticipate having my completion certificate by our next board meeting.

FADL Board of Directors Request for Board Action

From: Drew Macaulay

Subject: Mid-Year Budget Amendments FY 2025

Summary:

It is customary for the board to consider budget amendments halfway through the fiscal year so as to update the budget using the actual amounts for revenue and expenses so far.

Recommended Action:

A motion to approve the proposed amendments to the FY 2025 budget.

Request for Improvement of Deficiencies - Corrective Action Plan

Fiscal Year: 2024

Municipality Code: 638037 Report ID Number: 164505

Sent Via Email

Ferndale Area District Library kricket@fadl.org

Dear Governing Body:

The Community Engagement and Finance Division has received the audit report for the fiscal year referenced above. It is the responsibility of this division to administer certain State statutes. Consequently, your audit has been reviewed to determine compliance with budgeting, accounting, auditing, and statutory compliance related activities. This review has identified issues that we believe need your attention.

Please note the following issues corresponding to response(s) on the auditing procedures report:

 Expenditures have exceeded revenues for the last three years. Please provide an explanation for this trend.

The matter(s) described above are either violations of state statute or are deficiencies of the local unit that may impede the local unit's ability to comply with state statute.

Additional deficiencies in your report are usually found in the form of comments and recommendations located toward the end of the report or may be filed separately. The plan should identify each Auditing Procedure Report question listed above, each additional deficiency, the corrective action to be taken, the supporting documentation requested, if any, and the date in which the action is to be implemented.

Therefore, within **30 days** from the date of this letter, please submit to us a detailed Corrective Action Plan to resolve the above-mentioned matter(s), including other deficiencies noted in your audit report. To submit your Corrective Action Plan, visit the department's online filing site at Michigan.gov/localfinancialreporting and select the File Online Reports tab. You must request local unit user access if one does not already exist. We do not accept hard-copy or emailed responses. Please combine multiple documents as only one document can be uploaded.

Failure to respond within 30 days or an inability to demonstrate that corrective action has been implemented may result in one or more of the following:

- Denial of subsequent year qualified status under Public Act 34 of 2001, the Revised Municipal Finance Act (possibly preventing your municipality the ability to borrow money);
- Subject the local unit to an audit and/or review performed by Department of Treasury auditors at the expense of the local unit.

Please contact the audit review staff at <u>LAFD_Audits@michigan.gov</u> if you have any questions.

Sincerely,

Cary Jay Vaughn, CPA, CGFM Local Audit and Finance Division

Request for Improvement of Deficiencies - Corrective Action Plan

Fiscal Year: 2024

Municipality Code: 638018 Report ID Number: 164505

The Ferndale Area District Library transferred money from the Capital Fund to the General Fund order to make capital improvements to the building such as: renovating the Kids Corner with new furnishings and carpet, new public computers, new signage, and new public restrooms. (See Note 7: Interfund Transfer.) We will be careful to monitor our accounts and keep the Capital Fund at a healthy balance while evaluating costs for future improvements. However, these are one time expenditures and will not be a pattern.

Sincerely,

wicket tocksto

Friends of the Ferndale Library (FFL) Liaison (Kelly Farrah) Report for the 1/16/2025 FADL Board Meeting

- 1) It was a quick December 2024 FFL meeting so that President Ed Burns and others could attend the Ferndale City Council meeting to accept the \$2,250 donation to the Friends from the Ferndale Community Foundation. (The funds will go towards the summer concert series.)
- 2) \$ Numbers for Nov 2024 Bookstore: \$449; Amazon: \$167.87; Swag: \$10. FADL themed Candles and Pins are now available for purchase in the bookstore. It seems that Bookstore Chair June Axelrad and the bookstore volunteers have embraced the new space and continue enhancing the design. One future expensive item that will be needed is signage to be able to locate the bookstore in the library
- 3) Several donations were received by the Friends:
 - -In Memoriam for Pat Lind, former librarian, who recently passed away: \$450 was received in donations that were used to purchase cookbooks with nameplate memorial information put into the books.
 - -Generous donations were received from new FADL board members Brianna Foraker and Jonatha Ross (from unexpended campaign funds.)
- 4) The next Friends meeting is Monday 1/20/2025, but since the library will be closed that day for the system-wide software migration, the Friends will be meeting at 6:30pm at Second Base on 9 Mile in Ferndale (FFL will cover pizza and 1 beverage.) Let me know if you want more details.
- 5) Not sure how the Jolajakaflod December event went but will find out at the 1/20/2025 meeting and the "Book It 5K" Friends event, where you are encouraged to read 5,000 pages, has started. There will be a fun run and a kids category and there was discussion about having a "finish line" event at the end of the program. (Forms are available on the Friends website or will be soon)
- 6) Check out the FFL Facebook site and Website for information on upcoming Friends events. The Friends are continuing to waive any fees or dues to join and become a member. Just go to their website: ferndalefriends.org and click on "Get Involved." This is a wonderful way to support the library and the library's mission in the community. And they are always looking for active Friends to attend meetings and become more involved on their board. Denise Cote is the new Secretary, Marcus Minardi is now handling the website, and I think they might have found a Treasurer (but will need to confirm that.) Ed Burns again mentioned that he will be stepping down later this year so he is hoping someone will step up to become President.
- 7) The meeting ended with a fun book exchange for the holiday season.
