

THE PAGETURNER:

Ferndale Library's Newsletter

Summer's almost here...have YOU signed up for your LIBRARY CARD yet?

For most of the year we do our best to promote the wide variety of resources, from movies and music to video games and puzzles, and now tools and instruments, not to mention the vast array of online resources including scholarly databases and video tutorials. There's certainly a lot you can do with your library card *besides reading books...*

That being said, **summer** is a time of the year when we especially encourage reading more books! This month we're kicking off our annual Summer Reading Challenge for all ages, with the theme "Oceans of Possibilities!"

On the next page, you'll find all the details about how you could have the chance to win a prize simply by reading a few books over the summer! We'll introduce you to the interactive BEANSTACK app, which allows individuals and families to log their reading time and earn digital raffle tickets.

But before you turn the page, we want to highlight a resource available on our website designed to inspire you to read more all year round.

Reader's Corner: Online at: fadl.org/readerscorner

- View our **Staff's "Must Reads."**
- Fill out forms for **personalized recommendations** from librarians or have a librarian prepare a book bundle for you.
- Find information about our monthly **book clubs** for kids, teens, and adults.
- View a collection of themed lists curated by our librarians.
- Check out recommendations based on genre—via **NovelList Plus**, an online resource that can help you discover your next favorite book.

Yes, that's all available on our website, including links to online resources like LIBBY and HOOPLA where you can check out a wide variety of e-books and audiobooks, e-comic books and digital magazines. But that's not all! If you follow us on social media, you'll catch weekly reading recommendations of new releases and themed lists every Tuesday and Thursday. Beyond these web-based resources, you can also stop by our Reference Desk to receive readers' advisory directly from one of our librarians or browse our many displays.

And remember, Ferndale residents can sign up for a library card in person at any time during our regular hours, but you can also apply for (or renew) a card online at fadl.org/library-cards.

**Now let's dive into the theme for our
2022 Summer Reading Challenge:

READING Challenge

SIGN UP FOR OUR SUMMER READING CHALLENGE

Readers of all ages can dive into the ocean depths with our annual Summer Reading Challenge, inspiring participants to explore “Oceans of Possibilities.” We’ve scheduled a variety of ocean/lake/water-related events and activities over the next three months, but the main event will be reading, reading, and more reading, be it in print, audiobook, or e-book format. Kids, teens, and adult participants each have the chance to win cool prizes when they log their reading with the Beanstack Tracker app.

Registration for Ferndale’s “Oceans of Possibilities” program will go live on the Beanstack app starting Friday, June 3. Later this month—on Saturday, June 18—there will be a kickoff party for families hosted in person at the library from 1 - 3 pm, where kids (and parents/caregivers) can sign up for Beanstack in person as well as enjoy a performance by magician Cameron Zvara; no registration is required for this kickoff event.

Meanwhile, Summer Reading participants can begin using the Beanstack Tracker to log their reading throughout the season and earn digital raffle tickets along the way, increasing their chances of winning prizes at the end of August. Beanstack is an interactive web and mobile app that individuals and families can use to track their reading activity and help every participant feel engaged and motivated to read.

You can find a link to Beanstack on our website, along with information on how it works & how to sign up at: fadl.org/summer

The Challenges: Adults (ages 18+) are challenged to read **FOUR (4) BOOKS**, teens (ages 13-17) are challenged to read **THREE (3) BOOKS**, and kids (ages 12 & under) are challenged to spend a full **FIVE (5) HOURS** reading. Adults and teens will earn Beanstack achievement badges and digital raffle tickets for each book they complete while kids will earn badges and tickets for every 30 minutes spent reading.

Upcoming events include an ocean exploration sensory playtime for kids, an introduction to parkour that teens could enjoy, and a watercolor workshop for adults. We’ll also have fun all-ages events like Lake Monsters of the Great Lakes and the history of sea shanties! Also scheduled amidst the variety of water-themed events will be three live music performances, hosted outdoors in the library’s courtyard—part of our annual Summer Concert Series (more info on page 3).

A few new things:

While we certainly hope you’ll check out some of the water-themed events for our “Oceans of Possibilities” Summer Reading theme, we’re particularly excited about a few other new programs we’re trying out this summer.

Meet a Therapy Dog was inspired by the popular response to our previous program for kids, “Reading With Dogs.” This program was developed to give pre-registered adult patrons a chance to visit with the charming pups from Go Team Therapy Dogs. (More info on page 4).

Meanwhile, we’re now hosting our **Cook-book Club** in person at the library, having previously facilitated these meet-ups over Zoom. But we’re offering a hybrid option of attending from home via Zoom, where you’ll have a panoramic view of the space, making it feel as though you’re actually in the room with us.

And finally, let’s be clear: graphic novels count as real reading! That’s why we’re excited to have an entire book club dedicated to this visual form of storytelling; our first **Graphic Novel Book Club** meeting will be on August 16. (More info on page 5).

Summer Concert Series

Our popular Summer Concert Series returns for the first time since 2019! Scheduled amidst the variety of water-themed events happening at the library will be three live music performances, hosted outdoors in our courtyard (weather permitting). These concerts—brought to you by the Friends of the Ferndale Library—are hosted monthly on Tuesday evenings and are free for all ages. Attendees are encouraged to bring their own folding chairs or blankets; bands will be performing in front of the windows of the Kids' Corner.

NESSA

**June 21
6:30 pm**

Nessa is a Celtic fusion group led by multi-instrumentalist and vocalist Kelly McDermott, who is known for her dazzling flute technique and beautiful, soulful voice. The group's co-founder/multi-instrumentalist Rob Crozier collaborates with McDermott to research, arrange, and reimagine the ballads and dances of the United Kingdom and Europe, uniquely blending elements of classical, folk, jazz, funk, and world music to create rich, complex musical hybrids. This virtuosic ensemble puts on engaging, high-energy performances with funky reels, "barn burner" jigs, and deep, soulful glimpses into old stories. Nessa has a mystical, dreamy side akin to the music of Loreena McKennitt, an energetic aspect not unlike Solas, a touch of global fusion a la Pentangle and Eilleen Ivers, and a depth and dimension similar to Brian Eno. DJANGOPHONIQUE

**July 19
6:30 pm**

Djangophonique is a virtuosic, instrumentally-driven acoustic jazz quartet led by guitarist Andrew Brown. A true disciple of the style, Brown has spent countless hours immersing himself in the language of Django Reinhardt's jazz Manouche, and he's joined on stage by bandmates who match his skill and passion for the material. The result is a sound that's unmistakable to fans of the music and alluring to the uninitiated—a sound that can bring the lively energy of a Parisian dance hall to the quietest listening room or captivate a buzzing festival audience with a shimmering ballad. Djangophonique is keeping the Hot Club revival alive and well in Michigan. [Source: djangophonique.com]

KLEZUNDHEIT

**August 9
6:30 pm**

Klezundheit was formed in 2014 to play traditional and modern klezmer, Balkan, and jazz music. The band was the brainchild of Ken Posner of West Bloomfield and his son Alan of Ferndale. The Posner family has always been interested in klezmer music. The band is comprised of several conservatory-trained musicians and music educators, bringing energy and excitement to every performance. Their repertoire includes traditional klezmer music, Israeli dance music, traditional and modern Balkan, and jazz, with instrumentation that includes tuba, trombone, harmonica, flute, and more. Summer Art Exhibition

Loralee Grace

June 12 - August 7

Reception/Artist Talk, 6 pm – 8 pm on Thursday, June 30

The Ferndale Library's Art & Exhibition Committee is thrilled to welcome local visual artist Lorelee Grace, who will be showcasing dazzling works in the Community Room throughout the summer, with a reception and artist talk hosted on Thursday, June 30. Grace is a multifaceted artist, skilled in painting, art direction, production design, and wardrobe, but she also takes considerable inspiration from the great amount of traveling she's done in her life. Much of Grace's work (watercolor, gouache, and oil painting) captures awe-inspiring natural landscapes blended with a native cultural pattern belonging to that land. Grace's library show is titled "Futurelands," and the image above, a piece titled "Healing Waters," will be featured in the exhibition. For more info, visit facebook.com/FADLart

Library Patron

Let's go outside!

While it's always nice to read a book outside, Ferndale Library cardholders can also check out a wide variety of other items that can be enjoyed in our backyards. Let's take a look at a few outdoorsy "things" from our new Library of Things!

Along with tools, musical instruments, electronics, and craft supplies, we also have recreational kits that are perfect for the outdoors. You can check out a croquet set, a bag of bocce balls, a giant Jenga, a Pickleball set, binoculars, a dog agility training set, or a lawn game known as Kubb. The Library of Things provides you access to items beyond books, movies, or music. These items can be checked out for two weeks by Ferndale Library cardholders. More info: fadl.org/things

Telescopes: FADL cardholders can visit our Library of Things (located near the Sci-Fi section & study carrels) to check the availability of our circulating telescopes. These telescopes include an instruction manual, a constellation guide, lens brush, and a red LED guide light. Telescopes can be checked out for two weeks, but cannot be placed on hold. This season, you can see an elongated Mercury (mid-June), a supermoon (mid-July) or catch Saturn at its closes approach to Earth (mid-August).
